

The Leadership Cube™ Series

“Leadership Development Framework”

The **Leadership Cube™ Leadership Development Framework** is a complete, integrated system designed to align **Purpose, People, and Process** across organizations. At its core, it brings clarity to complexity by offering leaders a framework that is both conceptual and practical, ensuring alignment from the executive suite to the front line.

The Leadership Cube™ is a trademark of Continuous Process Improvement Consulting LLC. All rights reserved.

1. Leadership Cube™ framework

These volumes establish the foundation of The Leadership Cube™ Series, each exploring a critical dimension while the synthesized edition unites them into a comprehensive “**Purpose, People and Process**” framework:

- **Book 1:** *The Leadership Cube™: Signature Edition: An Integrated Framework for Leadership Alignment and Organizational Excellence* – Synthesized hardback integrating all three dimensions.
- **Book 2:** *The Leadership Cube™: Turning Leadership Complexity into Leadership Clarity (Second Edition)* – Focus on **Purpose**.
- **Book 3:** *The Leadership Cube™: Building Team Alignment* – Turning Purpose, People, and Process into Aligned Action – Focus on **People**.
- **Book 4:** *The Leadership Cube™: Deploying Lean Six Sigma Leadership* – Focus on **Process**.

2. Workshop Materials

The *Signature Edition* of *The Leadership Cube™* anchors each workshop to the broader leadership framework, while participants receive resources from the full book series. Workshops combine interactive videos, group exercises, and alignment diagnostics.

Rubik’s Cube demonstrations, case studies, and Lean Six Sigma tools to make learning practical, engaging, and directly transferable:

- *Book 2 – Turning Leadership Complexity into Leadership Clarity: Foundations of Aligned Leadership.*

- *Book 3 – Building Team Alignment: Operationalizing Alignment for Results.*
- *Book 4 – Deploying Lean Six Sigma Leadership: Leading Continuous Improvements.*

3. Value Proposition

- **Comprehensive Framework** – Integrates why (Purpose), who (People), and how (Process).
- **Scalable Application** – Fits executives, senior managers, frontline leaders, and students.
- **Proven Tools** – Includes Lean Six Sigma methods, alignment diagnostics, and delegation frameworks.
- **Experiential Learning** – Combines reading, discussion, and hands-on activities.
- **Licensing Potential** – Enables turnkey adoption by universities and training providers.

4. Target Applications

- **Universities & Colleges** – Undergraduate, graduate, and executive education programs.
- **Corporate Training Providers** – A turnkey leadership development system for client delivery.
- **Professional Associations & Nonprofits** – Leadership programs, conferences, and retreats.

5. Outcomes for Participants

By engaging with The Leadership Cube™, participants will learn to:

- Define and reinforce organizational Purpose with clarity.
- Align and empower People at every level.
- Apply Process discipline to ensure consistent, repeatable performance.
- Diagnose misalignment and restore clarity and cohesion.
- Lead with excellence and pride, creating cultures of accountability.

6. Implementation and Delivery

- Flexible Delivery: In-person, virtual, or hybrid formats.
- Customizable Curriculum: Integrates into existing programs or as a stand-alone series.
- Support Materials: Facilitator guides, slides, videos and activities included.
