### Mini Mystery #1

#### The Case of the Missing Malia

I am Moki, the amazing cat detective, and I'm worried.

I can't find my partner, Malia, anywhere!

I've looked in all the usual places where Malia likes to nap:

- The lanai
- The bed
- By the window

But Malia is nowhere to be found. I have too many cases to solve on my own, so I need help from you.

 Junior Detective, will you help Moki find Malia?

Before we start, remember:

- Good detectives pay attention
- Good detectives notice habits
- Good detectives stay calm

Turn the page to look for clues.

## The Clues

Let's think like a detective.

### Clue #1: What does Malia like?

Malia likes places that are:

- ☐ Loud
- ☐ Quiet
- ☐ Peaceful

### Clue #2: How does Malia like to nap?

Malia often naps in places that are:

- ☐ Busy
- ☐ Warm
- ☐ Hidden

### Clue #3: Where would Malia go for peace and quiet?

Check off the places that sound right:

- ☐ On the roof
- ☐ Under the crawl space of the cottage
- ☐ In the middle of the room

Take a moment to think.

Where would *you* go if you were a cat and wanted to nap somewhere quiet and cozy?

### The Solution

Did you figure it out, Junior Detective?

🐾 Malia went to nap under the crawl space of the cottage!

She wasn't lost at all.

She just wanted a quiet, peaceful place where she wouldn't be disturbed. Malia really loves her naps.

Moki is relieved and very proud of you.

Great detective work!

You solved the case by paying attention to clues and thinking about habits and feelings.

You are now officially:
