

Class Descriptions

English Big Trotter Sweeps

Open to horses of all types. This is an English pleasure class that is judged only at the trot. Horses will enter and present to the judges and crowd by trotting a line down the center of the ring. They will then find a place on the rail and show at the trot in both directions.

Western Easy Loper Sweeps

Open to horses of all types. This is a Western pleasure sweepstakes class that is judged only at the lope. Horses will enter and present to the judges and crowd by loping a line down the center of the ring. They will then find a place on the rail and show at the lope in both directions.

Egg & Cane Holiday Hurdles

An elevated twist on an exhibitor favorite! Participants must balance an egg on the “hook” of their candy cane as they navigate various gait changes and maneuvers. But wait! This isn’t your typical easy going rail class, we’re throwing in poles and even a bridge! A smooth mount and a steady hand will cinch you the win! Exhibitors may choose to ride Western or English.

Garland Ride Barrels

A holiday cloverleaf pattern completed in sync! Teams will be given a strand of garland, of a suitable length. Each exhibitor, while mounted, will hold on to one end, with their partner on the opposite end. Time will start and off they’ll go! If either rider is forced to drop their garland or if it rips, they’re out! Choose wisely - a well-matched partner is the key to success in this event! May be ridden English or Western (helmets required).

Santa’s Helpers

Put the spotlight on your support person! This casual Grooms’ class will be shown at the walk and trot only.
