

Sweeps

MASKED HALTER: Everyone wears a mask, any mask (fun masks, not the covid kind!)

PAIRS ENGLISH PLEASURE: For this class, an entry will consist of two exhibitors and one horse. The first exhibitor shows one direction, while the second exhibitor waits in the center. Horses line up in the center. Second exhibitor mounts and shows the other direction. Either exhibitor may be asked to back. An exhibitor may only ride one horse.

PAIRS WESTERN PLEASURE: same as above

DOUBLE BLIND CLASSES: Blind classes with an *extra* twist that tests communication between partners! Here's how it works: The first partner of each pair will be sequestered and receive only a drawing of the pattern. They will then have 4 minutes to write out a description (no pictures or symbols allowed!). The second member of each pair will enter the pen and line up with their horse's nose to the rail. They will receive 1 minute to study the pattern description provided by their partner. When the time is up, the exhibitor must turn and head to the start cone to perform their pattern.

TIMED OBSTACLE CHALLENGE: Timed obstacle course featuring both traditional and non-traditional elements. Fastest time wins!
