November 22, 2008

To Whom It May Concern,

It is with pleasure that I write this letter of recommendation for Mr. Robert Bonofiglo who I have known for two years. Prior to his services to Rancho Mirage Surgery Center, he was the Chief Operating Officer at WellMaxTM Clinic, where I am also working part time. At WellMaxTM, Bob was instrumental in turning around operations, driving sales, establishing financial controls and significantly increasing cash flow, developing a concierge service, and he developed a business plan and financial pro-forma for the scalable model to franchise and license WellMaxTM.

Bob was retained by Reliant Healthcare Partners, Inc. as the Chief Executive Officer in March 2008 to open Rancho Mirage Surgery Center. Rancho Mirage Surgery Center (RMSC) is a new custom built 15,000 sq. ft. state-of-the-art ambulatory surgery center with three operating rooms and a procedure room. I am a board certified anesthesiologist practicing at and a shareholder in RMSC. Most recently, I was Chief of the Division of Anesthesiology at Desert Regional Medical Center, where I worked for ten years.

Mr. Bonofiglo orchestrated the build-out, equipping, supplying, policy and procedure manual and forms development, staffing, IT solutions, and he organized operations. He arranged numerous contracts with suppliers and several lucrative healthcare organization agreements. I collaborated with him in achieving these goals. We reviewed applications from surgeons together and he assisted me with my responsibilities as the Chairperson of the Medical Advisory Board. He personally recruited several surgeons as investors and to do cases there. Bob developed the Governing Board and Medical Staff By-Laws and the Code of Conduct and he oversaw all board meetings then dictated the minutes for these meetings. Bob led the initiative, by addressing every detail, to insure that RMSC passed California State Licensure Inspection on the first visit.

Bob's knowledge, experience, innovation, loyalty, commitment to quality and excellence were clearly evident; he is passionate about taking excellent care of patients and about the success of the business he oversees. He is organized and self driven. He demonstrates a broad understanding and familiarity with the business aspects of medical services, and he clearly knows how to make them profitable. He is honest, ethical, respectful, and he possesses character. Bob in all ways exceeded the Boards expectations.

Bob is solution minded and zealous about his work. He creates cultures of productivity, excellence, collaboration and continuous improvement. I enjoyed working with him and admire his competence and diligence. His facilitative management style, professionalism, excellent interpersonal skills and attention to details are among his strengths. The medical staff and I see Bob as an excellent leader, mentor and motivator; we have grown to respect him and he has earned our trust.

I was very sorry to see Bob leave RMSC and will miss his expertise, visionary leadership and gregarious personality. I wish him well. Please contact me at 760.777.8772 if you have further questions regarding my experience with Mr. Bonofiglo. I know he will be an asset to whomever he affiliates with.

Sincerely,

Doriana Cosgrove, MD

Medical Director
