

Student Critiques of *Septic Systems* Home Study Course

"Always wakes me up on how much I have forgot."

Independence, Iowa

"I recently showed a house that needed a new septic system so this helped give me a little more background into that."

Garner, Iowa

"A great deal of information that I did not know."

"Very good information on who is exempt from inspection. Good info on construction of septic systems; things to keep septic operation working."

"Comprehensive and easy to digest."

"Very, very informative. I only had a surface knowledge of septic systems word terms. This course clarified a lot of functional things about septic systems and terminology. Excellent!"

Marion, Iowa

"One of the best elective classes I have ever taken! Living in Northwest Iowa we have so many farms/acreages selling with septic systems. Thanks!"

Orange City, Iowa

"Septic tank problems are expensive to fix; we as realtors need to know we have good systems in the houses we are listing or helping buy."

Nevada, Iowa

"I live in a very rural area and town and its good to know beyond the basic septic knowledge. So when a septic update is needed I have some basic knowledge on things. I liked how the course was short and to the point. Good work!"

Forest City, Iowa

"I have sold properties with septic systems so it's so helpful when I run across a problem with one."

Dubuque, Iowa

"good descriptions and examples; also liked all the diagrams and what purpose each item performs."

Garner, Iowa

“selling mostly farms and acreages in rural settings, this course is an excellent refresher for the agent as septs are complex with all the moving parts, i.e., inspections, transfers, etc.”

Woodbine, Iowa

“loved this. Lot’s of good information I didn’t know!”

Slater, Iowa

“Great memory refresher!”

Decorah, Iowa

“I have watched a septic system being installed—this is very accurate.”

Nevada, Iowa
