

## Body and Mind

Feeling the warmth of your body,  
When it's close to mine.  
Starts a chain reaction every time.  
But I wanted you to know.  
It's not just physical.  
I love you for your body and your mind.

Your so feminine,  
Giving off so much yin.  
And just like a magnet  
It draws me in.  
Mixing your aura with mine  
Is like mixing a very fine wine.  
I'm looking to you  
To give me an obvious sign.
