

Efficiamax® ILFC Ten 35 (1035) Fuel Treatment

Efficiamax® is a combustion catalyst, burn rate modifier, and lubricant suitable for all combustion engines and fuel oils. It is formulated to be used only as a fuel additive, not a fuel substitute. Non-compliance with recommended dosage rates may void manufacturer's product warranty and/or federal law pertaining to ULSD compliance. This product is used in mining, shipping and trucking operations worldwide. Efficiamax reduces fuel consumption at least 5% under normal operating conditions, saving companies millions of dollars on fuel and maintenance costs.

Initial Treatment:

1. Measure fuel to find out how much fuel is in the tank.
2. Add 1 oz (10mL) of Filtagreen® **Efficiamax®** ILFC Ten 35 Fuel Treatment to every 80 gallons (100 L) of fuel in the tanks. (Add 1 gallon/128 oz per 10,000 gallons of fuel).

Continued Treatment:

1. For continued results, **Efficiamax®** Fuel Treatment should be added at a ratio of 1 oz of Efficiamax® to 80 gallons of fuel.

Ratio Table:

	0.50 OZ	1 OZ	1.5 OZ	2 OZ	4 OZ	8 OZ	16 OZ	24 OZ	128 OZ (1 gal)
40 GAL	X								
80 GAL		X							
120 GAL			X						
160 GAL				X					
320 GAL					X				
640 GAL						X			
1280 GAL							X		
1920 GAL								X	
10,000 GAL									X

Physical Hazards: Combustible liquid.

Health Hazards: Toxic if swallowed. Causes skin irritation. Causes serious eye irritation. Harmful if inhaled. Suspected of causing cancer. May cause damage to organs through prolonged or repeated exposure. Hi inhalation concentrations can cause irritation, dizziness, nausea, fatigue, headache, and unconsciousness or asphyxiation.

Environmental Hazards: Very toxic to aquatic life with long lasting effects.

Prevention: KEEP OUT OF REACH OF CHILDREN. Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking. Use only non-sparking tools. Avoid breathing dust/fume/gas/mist/vapors/spray. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection. For emergency, call your physician, local poison control center, or local emergency room. For other information, call (801) 233-9185.

First Aid Response: IF SWALLOWED: Do NOT induce vomiting. Get immediate medical advice/attention. IF ON SKIN: Wash thoroughly with soap and water. IF INHALED: Remove person to obtain fresh air and keep comfortable breathing. If continued BREATHING difficulty is experienced, get medical advice/attention immediately. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Get medical advice/attention. IF ON CLOTHING: Remove contaminated clothing. Wash contaminated clothing before reuse. IN CASE OF FIRE: Use carbon dioxide foam, dry chemical or smart media extinguisher to extinguish.

Handling and Storage: Protect from physical damage. Store in a cool, dry, well-ventilated area away from acids, alkalis, and open flames. Store in a closed container. For additional safety information, refer to the Safety Data Sheet for this product.

Disposal: Dispose of contents/container to a chemical landfill as approved by current, local, state, and federal laws and regulations.
