

the marketplace App for craft beer

What is the BeerCert App?

- Trade mobile app (iOS & Android)
- Matches craft beer buyers and sellers in the hospitality sector
- Sellers create listings
- Buyers browse and order
- Payments made via Stripe

the marketplace App for craft beer

Why should I sell on BeerCert?

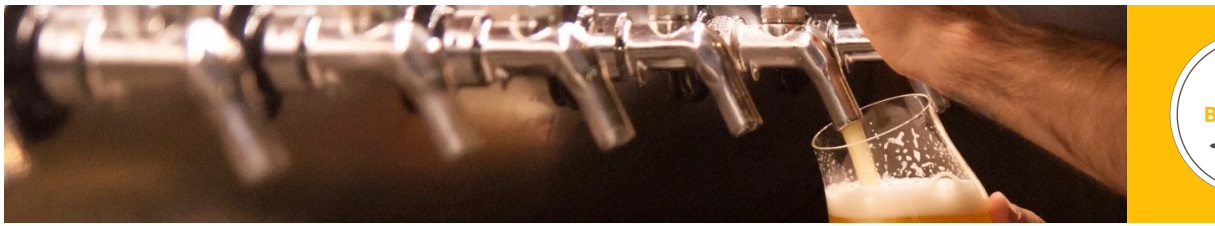

- Gain a new intermediate sales channel positioned between direct local sales and regional or national wholesale
- Retain a greater share of sales revenue
- Connect to new buyers
- Receive timely Stripe payouts

the marketplace App for craft beer

Why should I buy on BeerCert?

- Get great prices with no intermediaries
- Gain certainty that you will get what you order, when you order it from breweries
- Manage stock without the need to maintain time-consuming, complex direct relationships with breweries

the marketplace App for craft beer

What is unique about the BeerCert App?

- Mobile solution – all marketing, sales and order management done through a single iOS/Android App
- Stock commitment – breweries offer a portion of their output for a set period
- Flexible sales channel – works alongside your existing ways of buying and selling craft beer
