RULES AND REGULATIONS REGARDING ASSISTANCE (SERVICE/SUPPORT) ANIMALS LAKE BEACH CLUB

Section 19.3 of the Declaration of Condominium prohibits pets. The Association complies with the federal and Florida Fair Housing Acts and will permit reasonable accommodations to the "pet" prohibition when proper documentation is provided to support the request. All approved assistance animal Owners are required to comply with these reasonable rules and regulations. A violation of these rules and regulations may result in the Association's withdrawal of the approval of the assistance animal and other remedies permitted under the law. Unapproved animals are not permitted on the property.

1. All requests for accommodations for service and support animals must be approved in writing, prior to any service or support animal being brought on property or in a unit. This includes visitors and guests, as well as Owners and Tenants. The documentation must come from a health care professional with "personal knowledge" of the requesting party's condition/disability and establish a "disability" related need for the animal, as the term disabled/handicap is defined in the federal and Florida Fair Housing Acts. For emotional support animals, the documentation must also comply with Florida Statute Section 760.27, in all respects. Anyone seeking an accommodation to the pet restriction must provide the Association with sufficient time to review the request. The Association does not accept letters, tags, certificates or identification cards, purchased online, to establish a disability related need for an assistance animal.

2. Once approved, the assistance animal must be walked on a **non-retractable** leash providing no more than five (5) feet of slack, carried or strollered at all times when outside the unit and must be under the Owner's control. Animals are not permitted

to roam or wander. No animal is permitted to walk off leash unless required by the disability.

3. Owner must pick up the assistance animal's excrement in a plastic bag. Afterward, the bag must be sealed and immediately disposed of in a proper garbage receptacle.

4. The assistance animal shall not bark excessively or create excessive noise. Complaints shall be evaluated by the Board of Directors in its sole discretion. Excessive barking or noise may result in the demand for removal of the animal and the withdrawal of the approval, if the violation cannot be cured after a written warning.

5. The animal is strictly prohibited from engaging in aggressive conduct, including, but not limited to, lunging, biting, nipping, and/or causing bodily injury to persons or other animals. Should the assistance animal pose a health or safety risk to persons or animals, as determined by the Board of Directors in its sole discretion, it must be removed immediately.

6. The assistance animal may not create odor, insect or sanitation problems.

7. The assistance animal may not be left unattended when outside the unit and may not be tied or tethered to any objects outside. The assistance animal is not permitted on the balcony unattended.

8. The animal is permitted anywhere the handler is permitted except inside the pool or in a kitchen/grill area where food is prepared. The animal is not permitted on any of the Association's furniture.

9. Should the assistance animal become a nuisance to others, the Owner will be asked to remove the animal from the premises and may be prohibited from bringing the animal back.

10. Owner must comply with all state, county and local ordinances and statutes related to the animal, including, but not limited to county license and tag requirements.

11. The approval of the assistance animal may be withdrawn if the Owner is no longer disabled/handicapped and the requesting party is under a duty to notify

the Association if and when he/she is no longer disabled.

12. Should the disabled individual no longer reside on, or occupy, the property, the assistance animal must be removed.

13. Owner must provide proof of current and annual (or three year) rabies vaccinations before they expire, along with a picture of the animal.

14. Owner is solely responsible for any and all damage caused by the assistance animal, whether to person or property. The cost of repairing any damage will be the animal Owner's responsibility.

15. Owner is requested to exercise caution and consideration when using elevators or confined areas such as hallways, elevators, mail rooms, etc. The assistance animal must be under the Owner's control at all times and may not be permitted to lunge, jump, nip, or touch others while in these confined areas.

16. Owner is asked to be courteous of others when outside the unit with the assistance animal, especially to those who may have allergies or phobias.

17. When outside the unit, the animal must be prevented from causing a nuisance to others and/or causing an unsafe environment for any person.

Failure to comply with any of these requirements is grounds to withdraw the approval of the animal. Further, in the event that any of the above rules are violated, the Association may initiate any and all legal proceedings against the Owner, Tenant and/or Guest, seeking the removal of the animal and/or any other remedy available to the Association, including the imposition of fines. The Association is entitled to recover its prevailing party attorney's fees and costs in accordance with governing law and the governing documents.

I. Be advised that Florida Statute Section 413.08(9) states, as follows:

(9) A person who knowingly and willfully misrepresents herself or himself, through conduct or verbal or written notice, as using a service animal and being qualified to use a service animal or as a trainer of a service animal **commits a misdemeanor of the second degree**, punishable as provided in s. 775.082 or s. 775.083 and must perform 30 hours of community service for an organization that serves
