

**MarinEx**  
CONSULTANTS

# Capability Statement

Delivering expert marine advice  
in a dynamic environment.

# Expert marine advice

**MarinEx Consultants** is an Australian marine consultancy located in Perth, Western Australia.

With a combined experience in the industry of more than 70 years, **MarinEx Consultants** have the knowledge and experience to deliver world class marine consultancy services to your business.

## From the bridge to the boardroom

**MarinEx Consultants** possess experience in a wide variety of marine operations. This experience includes offshore logistics, dynamic positioning, anchor handling, ocean towing, ROV operations, mooring installation, subsea installation and more.

Building from this operational experience, **MarinEx Consultants** hold broad management experience in marine operations management, training and competency, tender and contract management, marine assurance and compliance, and contract execution.

# Mission

To deliver industry leading expertise in marine assurance, marine risk management, contract management and chartering.

**MarinEx Consultants** have an intrinsic appreciation of the importance of safe, reliable marine operations.

## Directors and Principal Consultants

### Captain Ben Shuttleworth

Ben Shuttleworth is an experienced mariner with a wide variety of experience in marine operations.

Dual certificated, Ben delivers expertise in complex marine operations along with a deep passion and innate appreciation of the importance of maintenance and reliability.

With operational and management experience in inshore and offshore subsea, supply and ROV operations, Ben champions the imperatives of planning, redundancy and competence in ensuring safe, reliable and efficient operations.

### Captain Mark Pointon

Mark Pointon is an experienced Master Mariner, maritime educator and dynamic positioning practitioner.

Mark brings global knowledge and experience gained in the offshore oil and gas and tanker sectors.

Mark is keen to ensure safe marine operations through assurance, risk management and professional project execution.

He is a strong advocate of lifelong learning and is passionate about the role of simulation and autonomous technologies to assist in achieving offshore maritime safety.

### Captain Jeff Knight

Jeff Knight is a Master Mariner with seagoing experience on board offshore support vessels, LNGC, product tankers and cargo ships.

Jeff is an experienced general management professional, focused on delivering safe and efficient marine operations.

Working in a diverse industry, Jeff appreciates the importance of effective leadership and trusted relationships in achieving success.

With management experience across offshore operations, defence support services and maritime training, Jeff knows what it takes to deliver safe outcomes at sea.
