

Diplomat Group

Introduction

We wish to thank Sharjah Municipality, Chamber of Commerce, Economic Department and Ministries of concerned departments for their support and good wishes which has stood us in good stead and encouraged us to develop the company to what it is today.

Within a short span, Diplomat has carved a niche of itself as one of the most reputed air conditioning companies in the U.A.E., with commitment to quality and on time completion.

Our total commitment to complete projects to customer satisfaction has been the main driving force behind our success. We at Diplomat, strongly believe that this success has come through a combination of resources and experience, based on the firm foundation of technical expertise and dedicated management.

With the opening of new avenues and concepts and growing global concern for the environment, Diplomat has already contributed to environmental activities, and is marketing stare-of the art services that are ecologically friendly and efficient.

We wish to record our gratefulness to our esteemed clients, our bankers and our business associates for their valued support and co-operation.

I would also personally like to assure our valued clients that we will continue our endeavor to provide expert, reliable and prompt services to meet total customer satisfaction.

Diplomat Group was established in the United Arab Emirates in the year 1990. Starting as an Air Conditioning specialist, the Company expanded into fields of Building Construction Turnkey Electro- mechanical Installations, Environment Control Engineering, Civil, Structural Steel, Interior Fit-Out Works, and has made a constructive contribution to the growth of United Arab Emirates.

Diplomat is one among the leading ISO 9001:2008 Companies, having over two decades of hands on experience in the field of complete Construction facilities. Diplomat prides itself on the quality and efficiency of Workmanship it delivers.

With a reputable history maintained over the many years in the industry, professional relationships built as well as the networks made with the various trade services, has allowed Diplomat to deliver each Project, on time, on budget and of the finest quality standards that we set to be achieved.

Diplomat maintains the skills and levels of competence required to achieve complete construction from start to finish, offering advice, Design, Engineering, Construction and Project delivery, we ensure that each element from concept to completion is accurately assessed to provide a tailored solution to the development of the Project within the Budget.

Diplomat Group is proud to be one of the leading Group of Companies associated with reputed architects, consultants & contractors. It has successfully executed many innovative, specialized & complicated projects from "Design, Drawing to Contracting on One Platform" with strict adherence to quality & completion dates.

Diplomat Group today is geared to meet the ever growing challenges expanding it's operations widely in the following countries.

United Arab Emirates

Kingdom of Saudi Arabia

Qatar

India

DIPLOMAT GROUP, is a specialized Division of the Group engaged in Civil, Structural and Interior design and contract furnishing. With the expertise of a team of Engineers and Architects and advanced facilities, the Division is capable of executing Civil, Structural & Interior design projects of any magnitude in conformance with client specifications.

DIPLOMAT GROUP - STEEL DIVISION, Is a Steel Fabricator facility is often tasked with the job of delivering some of the most challenging of projects within a short timescale. Our Staff is not just fabricators and welders, but craftsmen who take pride in their work. We are a full service steel fabrication, and quick turn around times to finish any project on-time, on-budget and according to our customer's specification.

Offering Construction Solutions as follows;

Civil Construction

Building Contracting
Road Work Contracting
Landscaping Work
Controlled Demolition Work
Minor Bridges

MEP

HVAC
Electrical & low Current Services
Plumbing, Drainage & Fire Fighting works

Structural Steel

Full Service Structural Fabrication & Erection
Hot Rolled Structure
Pre Engineered Structure
"Z" Purlins and "C" Channels
Aluminum and Steel profile sheets
Aluminum and Steel sandwiched Panels
Fire Proofing

Interior Fit-Out

Interior & Exterior Decoration Gypsum / Ceiling & Partition Marble Joinery / Wood Floor Ironmongery Carpet / Fabric Door & Windows

CERTIFICATE & APPROVALS

CERTIFICATES

OPERATION PROCEDURE

FABRICATION

Diplomat Heavy Industries is a leading fabricators of structural steel in dubai, United arab emirates. As a steel fabrication company we are specialized in steel fabrication, steel structure fabrication, structural steel fabrication, waste water treatment works, all kind of structural steel customized fabrication works, ms & ss handrails, ms and steel tanks, ss grating and chequered plates, steel structures, repair and maintenance works, Pipe fittings etc. in Dubai, Abu Dhabi, northern Emirates and all over united arab emirates.

PAINTING

MATERIAL DELIVERY/ARRANGEMENT

To avoid materials being moved so much on jobsite that might cause unexpected damages of paint, shapes , when material delivered to job site, they must be unloaded and arranged closed to the designed erection point. Up to The materials shall be stacked in locations according to the building/areas, should be near to the lifting position adjacent to the area to be erected. This is to facilitate the sorting and delivery during the erection. the conditions of each job site, the material arrangement plan may different but in generally, materials will be arranges as following principle to ease moving, combination and erection after later.

STEEL ERECTION

MAIN SECONDARY STRUCTURE

VERTICAL & HORIZONTAL BRACING

The Structural frames and other parts of the building can be erected in various ways which will depend on the following key factors: 1. The type of structures such as: small clear span, large clear span, low rise building, high building, open web structure, etc 2. The availability of equipment such as cranes, winch, manually lift, etc, 3. Site Condition, The experience level of the erectors, 4. The Individual job Conditions, 5. The sequence/method of erection shall be studied and planned so that execution can be carried out in a safe, economical and efficient manner.

STEEL ERECTION

STAIRS & HAND RAIL

GRATING
