Grand Knights Message October 2023

Greetings My Brothers and Sister Columbiettes,

Hoping this message finds you and your families in good health and spirits. Fall is here and has always been one of my favorite times of the year. Thanksgiving gives us the opportunity to be with family and friends, a time to thank God for all our blessings. May I say I feel blessed to have been given the opportunity to serve as your Grand Knight, and getting to spend time with all of you, doing God's work together.

Thank you to all the Brothers that attended and participated in the Eucharistic Procession at St. James. The ceremony was beautiful and quite moving. Thank you to Fr. John for inviting the Knights to carry the canopy and candles which was truly and honor and a privilege.

The birth of our Lord and Savior is also approaching. Please remember the real reason for this joyous celebration and enjoy this glorious time of year.

**Remember we stand for the Flag and kneel for the Cross.
May God watch over us all, May God Bless our Families and
May God Bless our Great Nation.
Grand Knight, Gary Rodetis**

“When pregnant, the cells of the baby migrate into the mothers bloodstream and then circle back into the baby, it’s called “fetal-maternal microchimerism”.

For 41 weeks, the cells circulate and merge backwards and forwards, and after the baby is born, many of these cells stay in the mother’s body, leaving a permanent imprint in the mothers tissues, bones, brain, and skin, and often stay there for decades. Every single child a mother has afterward will leave a similar imprint on her body, too.

Even if a pregnancy doesn't go to full term or if you have an abortion, these cells still migrate into your bloodstream.

Research has shown that if a mother's heart is injured, fetal cells will rush to the site of the injury and change into different types of cells that specialize in mending the heart.

Studies have also shown cells from a fetus in a mothers brain 18 years after she gave birth. How amazing is that?”

If you’re a mom you know how you can intuitively feel your child even when they are not there....Well, now there is scientific proof that moms carry them for years and years even after they have given birth to them. I find this to be so very beautiful.

Photos below, two of our brother knights who were recently called home to God. May they rest in peace. The Council participates in Wake Services for our departed members. It is a meaningful way to show the families of our brother knights that we are there to support them.

The families at these services are overwhelmingly appreciative of the service. We encourage all Brother Knights to join us when you get the calling post for our wake services... Its half an hour and it is one of the reasons we are Brother Knights.
