SCHOOL ONLY TEAMS / Select Teams will play-up grade division

United Hoops Network *Fastbreak.AI* Scheduling, creating competitive matchups between teams (based on collecting your team's data over the course of playing in United Hoops Network of tournaments and leagues). The goal is to have a driving distance of around one hour for teams to travel. The second half of the season will create matchups of teams with the best records in their respective divisions and different locations will keep driving distance within protocols for the league.

➤ Always looking for the right-minded schools to host, it is a great fundraiser!
