

Community SOGarden 2023 Business Sponsorship Form

Dear Tampa Bay Business,

Family, friends, and neighbors in South Tampa are creating a community garden called "Community SOGarden", right in the heart of SOG! We would love to include you in this exciting endeavor. We are requesting your support of this project that will benefit so many of our residents.

The Community SOGarden mission is to create and maintain a sense of community through the garden that promotes healthy lifestyles, community outreach, an educational platform for children, and offers a place for those who share a common desire to learn more about gardening.

Our garden will be located at the Gandy Civic Center at 4702 W Oklahoma Avenue. This designated site, graciously donated by the Gandy Civic Association, allows residents to meet with neighbors and friends to share recipes and gardening tips to bring back the art of organic gardening while providing for their families. In addition to member garden beds and pollinator gardens, our hopes are to create a communal garden to provide harvests to local pantries and churches.
