**BROADVIEW HEIGHTS REPEATS AS 2022 MIND CHALLENGE CHAMPION! DEFEATS TWINSBURG IN FINALE**

Broadview Heights has won their second straight Mind Challenge Championship by defeating a very competitive team from Twinsburg today at the Solon Senior Center. Broadview Heights earned the grand prize of \$ 2,500.00. Twinsburg, who finished third in 2021 won second place money of \$ 1,500.00. Cleveland Heights broke through to place third and received \$ 1,000.00 while former two time champion Mentor won \$ 500.00 for finishing in fourth place.

Long time radio personality Larry Morrow delivered the keynote address prior to the start of today's finals. It set the tone for the competing teams to use their minds and enhance their socialization which has been the goal throughout the Mind Challenge initiative.

*"Our semi final and final rounds brought tremendous excitement to the Mind Challenge Tournament. In the semi finals, Twinsburg defeated the team from Cleveland Heights on the very last question. Broadview Heights disposed of their challengers Mentor and fifth place winner Rocky River to advance to today's final. The final round was packed with lead changes that made it even more interesting before Broadview Heights pulled away to victory." We congratulate all the winners and all the over 90 teams for a great 2022 Mind Challenge. We cannot wait until next year's tournament which will begin on May 8, 2023." Art Greenberg/Phil Levine-Mind Challenge founders*
