Spring Challenge 2019

Finding Inspiration

Pieces due by May 11th, 2:00 pm

In the age of social media, we are inundated with images of beautiful quilts made by many talented artists. In this challenge we are pushing you to look outside the world of quilting to find inspiration for your next quilt project.

It's as simple (and as challenging) as looking for an object or image that inspires you, and make a quilt! The inspiration can be as figurative or literal as you would like. At our May meeting bring your finished quilt and the source of inspiration (an image of the inspiration is fine)

Quilts due May 11th @ 2pm please bring a photo of your inspiration!

Some examples?
