

## **GRANTS AWARDED 2011-2012 (TOTAL = \$31,277)**

- **AT&T Career Exploration (SHS)** - Provided funding for the Alternative Education Program which supports career exploration for at-risk high school students.
- **Document Cameras & Tablets (SHS)** - Cameras allowing teachers in English, Spanish, and Science to display work, review assignments, and teach new concepts to an entire class in an engaging manner.
- **WMBA Video Switch (MBA)** - Equipment for the WMBA TV studio at the middle school which provides students the opportunity to learn and experience the various rolls of studio broadcast.
- **Classroom Learning Center (SES)** - This equipment promotes reading and fluency for our elementary school students.
- **Mimio Tech Technology 9SES, MBA)** - State of the art technology turns a basic classroom whiteboard into an interactive learning device. This innovative learning tool engages and motivates students of various ages.
- **Supporting Grieving Students (MBA)** - Provided crucial training and information necessary to help students through the grieving process after experiencing the loss of a family member or friend.
- **ITEEA Conference (SHS)** - The National Conference for Technology Education provided workshops, displays, and discussions on the latest topics and equipment in the field of technology. Information gained was shared with staff and students.
