The lesson and teacher were great. I had a little trouble with the website. It was a bit confusing to sign up for my first class and more specific directions to the tennis court would be helpful. Also, BHS is used all over but spelling out the name of the place is helpful

Jade truly wants kids to learn tennis. She not only makes tennis fun for the children but also structured so they learn tennis skills. We were at other tennis programs for several years and my child learned more tennis skills in the one year with Jade than in the 5+ years with the other program

All thumbs up for Gainesville Tennis Center again because I felt great camaraderie on the tennis court today! It had been 4 months since I had last played tennis (due to injury), and both coach Bryan and tennis friends were quite patient with me. Moreover, their inspiration and encouragement made me feel like a champion. Thank you, Jade Park and all! Looking forward to playing again next weekend!

I will forever appreciate her for her inspiration, her encouragement, her enthusiasm and positive attitude. All of that makes a huge difference, and I will wholeheartedly recommend Jade Park Tennis to anybody, who brings up tennis in a conversation with me.
