

## ASSIGNMENT 2

### CERTIFICATE COURSE ON MOOTING

Prepare written submissions / memorial from any one side of your choice for the problem allotted in the assignment for 1<sup>st</sup> week.

In order to better enable you to prepare your written submissions / memorials, we have already made available samples of memorials from the teams who have won Best Memorial prizes in earlier competitions in India and abroad. Please note that the sample memorials uploaded on the website are only for reference purpose and are **NOT** to be taken as models in terms of presentation and formatting.

The above assignment is the final assessment for your certificate course on mooting. Hence, you are required to pay attention to details and give the best of your efforts. As a part of the submission, you are expected to draft a written memorial from any side of your choice comprising all the 10 parts of the memorial as discussed in Class 3 of the course which includes Cover page, Table of contents, Index of authorities, List of abbreviations, Statement of jurisdiction, Statement of facts, Statement of issues, Summary of arguments, Arguments, Prayer / Relief.

For more assistance, you may refer to the video in the below link Nick Friedman, Tutor in Law and Graduate Mooting Co-ordinator at the University of Oxford, who gives some useful advice on how to draw up your legal arguments in your memorials, including using what he calls the “ILAC method, structuring your research, as well as solving practical problems you face in the course of your research.
