

# Johnny Washington's Bookability

*Charm First. Trouble Second.*

A grounded, likable everyman who leads with warmth and wit—quietly authoritative and unexpectedly dangerous when the story needs heat.

Warmth that earns your trust, edge that earns your attention.

The approachable guy people trust at first glance, who then reveals sly cleverness, moral complexity, and a spine when the stakes rise. Warmth and mischief live beside quiet strength.

Confident • Charming • Goofy • Easy-going  
— with sly • tough • vulnerable • clever edges
