

Single Phase Motors
Three Phase Motors

2 Years Warranty

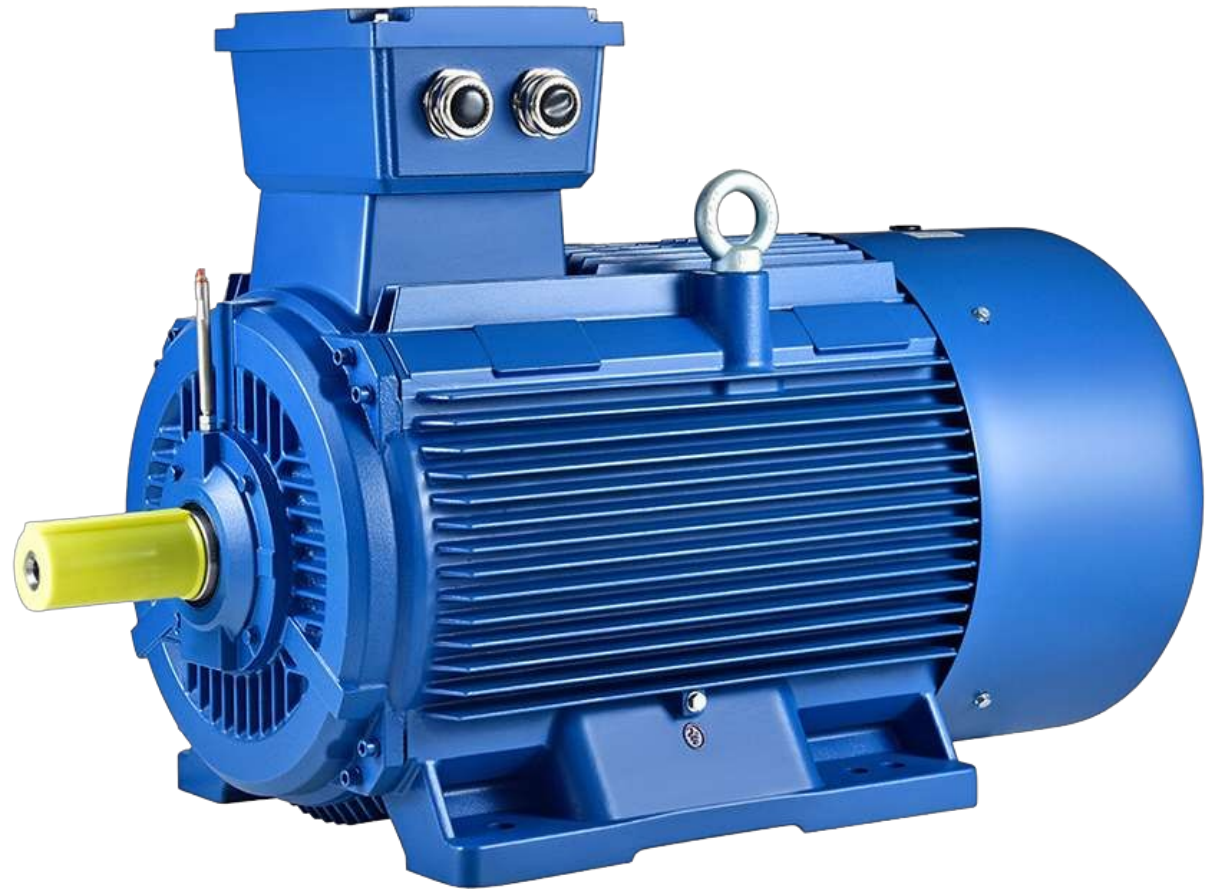

New Design Motors

IE1, IE2, IE3, IE4

FRAME 315L

Application:

- Water Pump
- Gearbox,
- Fans
- Minerals Equipment
- General Industry Equipment

New Design Motors

IE1, IE2, IE3, IE4

Frame 280M

Application:

- Water Pumps
- Mineral Equipment
- Gear Boxes
- Fans

New Design Motors

IE1, IE2, IE3, IE4

FRAME 225M

Application:

- Water Pump
- Gearbox,
- Fans
- Minerals Equipment
- General Industry Equipment

New Design Motors

IE1, IE2, IE3, IE4

FRAME 200L

Application:

- Pumps
- Fans
- Minerals Equipment

New Design Motors

IE1, IE2, IE3, IE4

FRAME 180M

Application:

- Water Pump
- Fans
- Minerals Equipment

New Design Motors

IE1, IE2, IE3, IE4

FRAME 160L

Application:

- Water Pump

MD Three Phase Motor
Aluminum Body
IE1, IE2, IE3, IE4
FRAME 315L

Application:

- Gearbox,
- Fans
- Reducers

Three Phase Motor
IE1, IE2, IE3, IE4
FRAME 315L
Application:
• Water Pump

Single Phase Motor

- YC With Start Capacitor
- YCL with Start Capacitor & Running Capacitor

Single Phase Motor Electronic Switch

YC, YCL,

- Cast Iron
- For Construction Machinery,
- Food Processing Machinery,
- Air Compressors

Single Phase Motor

- Aluminum Body
- MY With Running Capacitors
- ML with Start, Capacitor and Running Capacitors

AC BRAKE MOTOR
FRAMES 63 TO 132

DC Brake Motor
Frames 63 to 280M

VFD Motor

Frequency Variable Motor

- Continue Torque: 5 ~ 50Hz
- Continue Output Power: 50 ~ 100Hz

Winding Workshop

- Insulation: F
- High Quality Silicon Steel

Winding workshop

- Insulation: F
- High Quality Silicon Steel Stator

Winding test

- Pure copper , pure power
- 100% testing one by one

Newly Designed Motors

- Stronger
- Lower Vibration

INTERNATIONAL STANDARD

ALL MOTORS ARE MADE
BASED ON
IEC60034-1

Certified Trust:

- ISO, CE, High Efficiency

- From Expert Assembly, to Rigorous Testing
- All Motors Will be Tested Before Packing
