Culinary Hints and Tips from the Judges

- Tap down lightly before placing tin in oven.

- Line cake cooler (tea towel) so no marks on base
- Mix should be moist and rise evenly without cracks.
- If unsure if cake is cooked place an ear near tin – a noise will mean return to oven to complete cooking.
- A cake leaving the side of tin is usually cooked.
- When icing, keep to thin layer and leave the centre free of decoration.
- Cut raisins for rich fruit cake – cake improves in flavour if made early.
- Pikelets should be round and thin so as they can be rolled without cracking.

- Use a 5cm cutter for scones. Place almost touching on tray. Brush top with liquid. Cook in hot oven to brown. Dust flour from base of scone. Use the first cut only.
- Slices should be cut into even 5cm squares.

Section P – Photography

**(Entry Fee \$1.00 Open , Students Free) **

Entry Forms and Exhibits to be received by 9.00am Wednesday 15th May

Conditions of Entry:

- Commercial printing results in higher quality photographs and are therefore preferred but inkjet or laser printed photographs are accepted.
- No photo to compete in more than one section (i.e., no photo may compete in both the Print and the Enlargement sections).
- Previous prize-winning exhibits in Blackbutt are not eligible to compete.
- Photographs must be mounted securely on suitable cardboard/card (black, white, or coloured).
- Mount with a border that is larger than print – preferably 1cm to 2cm at top and sides and 2cm to 3cm at bottom. **No staples.** Commercial photo mats are accepted.
- All classes unless stated are **single photos**.
- Please attach a label with name, address, and class to the back of mount.

Hints & tips for exhibiting your photos

- Presentation is important – cut mounts neatly and straight – and then attach photo to mount squarely.
- Black mounts present most photographs well. White and colours are acceptable.
- Mounts may have lines and borders, ensure that these are straight.
- No other marks on the front of mounts
- Make sure the photograph is in the relevant Class

Hints & tips for good photographs

- Check that horizons are level.
- Use close objects like trees or leaves to frame your scene.
- Look for interesting details in subjects and consider moving closer.
- Take your time, take more than one shot.
- Consider the lighting in portraits.
- Use of a flash can reduce shadows particularly for portraits in strong sunlight.
- Automatic flash works within a set range. Too close will overexpose (drain colour) from subjects. Too far away will underexpose and lack contrast.
- Look at picture books, photography magazines and photography websites for ideas.
- Expensive camera equipment is not necessary - just good ideas.
- The best camera you have is the one you have with you. Use your phone, tablet, point and shoot, compact or DSLR. There is a digital device to suit everybody, encourage your children to capture images with these too.

Don't forget to print your photos

HAPPY SNAPPER
