

# Cadiz Lighted Christmas Parade December 7, 2019

## Parade Route & Information

- Line up begins at 5:00 pm at Grant Street heading west of the old post office. We ask that all entries enter from adjoining streets such as Industrial Park Road and drive up towards town to locate your spot. **Do not drive down Grant Street.**
- During line-up, crew members will be along the street to help point you to your marked number spot. Find a line-up crew member with a safety vest or golf cart to receive your number. Your number must be visible on the front your unit.
- **To prevent confusing our tiniest parade goers, there will only be ONE Santa and he will be at the end of the parade.**
- Candy is permitted but please throw the treats from a safe distance away from moving vehicles.
- Any animals in the parade must be accompanied by a “pooper scooper” or a responsible person to clean up any messes.
- To ensure we have the lineup list available prior to parade day, (this allows us to let entries know what number they are before they arrive) we ask that you return your parade entry by the deadline. The sooner you turn in your entry, the closer to the front of the parade you will be ☺ If you can’t get the form mailed by the deadline, please call Joelle in the office at 740-942-1102 and she can make sure you are in the lineup.

*Immediately following the parade, Santa will be joining us at  
Wallace Lodge in Sally Buffalo Park.*

### Parade Route

Begin on Grant St.

Travel up Grant St. & turn left at the light on Market St.

Parade units may disperse
