IT TAKES 35,000 HAMMER BLOWS AND
OVER 160 YEARS OF KNOW-HOW TO CREATE THE PERFECT BARREL.

NOW AVAILABLE TO ORDER FROM BSA DIRECT

EVERY BSA BARREL IS RIFLED AND COLD HAMMER FORGED FOR TOTAL ACCURACY

Every BSA barrel is cold hammer forged to give you the highest quality and superior accuracy from your rifle. Using an intense machining process usually reserved for military-grade firearms, each barrel is created from a solid bar which is deep hole drilled, ensuring the bore is perfectly straight.

Each barrel is rifled and subjected to 35,000 hammer blows, increasing its length by 15% - delivering a harder-wearing barrel that has been choked, chambered and crowned to help you deliver a more precise shot.

When accuracy matters, demand BSA.
