

Grade Sheet Guidelines

Each quarter is assigned a “Final” Grade at the end of a nine-week session, from here on it is called a quarter. Each quarter has the same basic grading set up with the following parameters: All assignments are graded based on **100%** except homework checks. **ANSWERS ARE GIVEN FOR ALL WORKSHEETS, ASSESSMENTS, QUIZZES, AND LABS WITH RUBRICS FOR GRADING ON THE ANSWER SHEETS IN THE FACILITATOR FOLDER. WORKSHEETS ARE USED TO PRACTICE THE DAILY LESSONS. ONLY ONE HOMEWORK WORKSHEET IS GRADED AND THAT IS THE TOPIC 7 CC WORKSHEET A**

Quarter Categories:

40% ASSESSMENTS: 4 TOPICS PER QUARTER

20% LAB – REPORT REQUIRED FOR MOST

20% QUIZZES -DEPENDS ON THE QUARTER

20% OTHER – Journal Cards, Outlines, and homework checks (Extra credit)

Homework checks are given 10 times each quarter. Each time homework is checked it is 10/100 points. At the completion of all ten homework checks a final grade of 100 is given. The only values for checks are:

10 points for a Check – Full completion of assignment

5 points for a Check minus – something missing from the assignment

Zero – not done, not available, or somehow not completed.

Excel Grade Sheets

The Excel grade sheets are already set up with all the necessary formulas required in this grading system. They can be found and downloaded at: chezchem.com Grade Sheets.

1. Quarter 1 only. Final numbers will need to be placed in Quarter 2
2. Quarter 2 and Semester Calculations –
3. Quarter 3 only. Final numbers will need to be placed in Quarter 3
4. Quarter 4 and Semester Calculations

TWO QUARTER GRADES COMBINE WITH A SEMESTER EXAM TO FORM THE FIRST SEMESTER of Chez Chem. The second semester is the same process. Each quarter is worth 40% and the Semester Exam is worth 20% of the Total Semester Grade. All formulas are set up and are downloadable

Thank you for your commitment to this Journey Chez Chem.
