

<https://www.conrhodzonio.com>

\$4,600 coverage includes:

- All day coverage because your wedding should not revolve around how long your vendors will be, or not be there (this is so important; moments should not be missed). - Two photographers (my wife is a portrait photographer) with experience and the benefits of having a male and female perspective.
- Full resolution images so you can print without limitation to size or quantity (many photogs limit printing size). Our print permission give you freedom to share with family and friends as well.
- Gifted "getting-to-know-you" session before the wedding. Great time to make sure we are confident and ready for wedding day, as well as a great time to get some engagement type images to remember this time in your life.
- Experience is what you will value most after wedding day. With Pinterest and access to inexpensive equipment, it is easy to re-produce pretty pictures. Capturing moments and memories is a talent and skill that cannot be copied. You need to be a student of people and interactions
- Intuition, timing, understanding social etiquette, and anticipating needs and what to expect is key. I have been shooting wedding since 1998; for a living since 2009. Reputation, care and expertise is what sets us apart from the rest of the field.
- Blemish editing (print/albums)
- Tonal edit options to match current trends "light & bright" "moody" (10 for social medial and/or for print/album)
- Consultation meetings
- On-line gallery integrated with social media and multi device use.
- Additional coverage outside of wedding day, at a rate of \$420 per hour, and is subject to negotiation. A 10% discount is applied to total, when booking over 5 hours of extra coverage
