Lumps, bumps and warts

Whilst we'll take great care to avoid exacerbating any pre-existing conditions, we cannot be held responsible for any irritation or injury that may occur to your dog's lumps, bumps and warts during their grooming session. Lumps, bumps and warts are sometimes covered by hair and in awkward or easy-to-knock places. We recommend consulting with your vet before grooming to check your dog is fit, we'll play our part by treating your dog with the utmost care.

I understand Minnie's Dog Grooming cannot be held responsible for irritation or injury that may occur to my dog's lumps, bumps and warts during their grooming session and I would like Minnie's Dog Grooming to proceed with the groom.
