VALUES

## **Positivity.Commitment.Effort**

At Premier Cheer Elite, we go beyond just teaching cheerleading skills; we instill invaluable life lessons that shape individuals into well-rounded, resilient, and accomplished individuals. Our commitment extends far beyond the practice mat. When you become a part of Premier Cheer Elite, you join our tight-knit family. We're not just a team; we're a supportive community that's dedicated to nurturing qualities such as teamwork, resilience, unwavering dedication, effective time management, inspiring leadership, discipline, effective communication, strategic goal setting, and the art of building meaningful relationships.

We understand that these attributes transcend the boundaries of cheerleading, influencing success in academics, careers, and personal relationships. Our aim is to empower our athletes to not only excel in their athletic pursuits but to emerge as exceptional, well-rounded individuals. Our emphasis on family fosters trust, unity, and a sense of belonging, creating a nurturing environment where everyone can flourish.

At Premier Cheer Elite, we don't just teach cheerleading; we cultivate champions in life.

## OUR PROGRAMS

# **Tumbling Classes at PCE**

In our tumbling program, we've implemented a carefully designed color system to aid our athletes in skill progression and safety awareness. Each color corresponds to a specific skill level, allowing us to track and support their development effectively. Beginners start with the color red, symbolizing their initial stages of learning foundational techniques. As they advance, they move on to yellow and pink, indicating increased proficiency in level 1 tumbling skills. The journey continues through green and purple representing level 2 skills, and continues all the way through orange, blue, black, bronze, silver, gold, platinum and diamond, marking mastery of advanced and intricate level 6 tumbling elements. This color-coded system not only motivates our athletes but also helps our coaches tailor their guidance and spotlights areas for improvement, ensuring a safe and progressive tumbling experience for all participants. In these programs, athletes will learn skills such as rolls, handstands, cartwheels, walkovers, right up to back handsprings and more advanced skills.

## **Small Class Sizes**

We pride ourselves on our small class sizes, providing numerous advantages for both students and coaches. With fewer participants, individualized attention becomes the norm, enabling coaches to focus on each student's specific needs and offer personalized feedback. This not only enhances safety but also accelerates skill progression as students receive more practice time and tailored coaching. Smaller classes foster open communication, confidence-building, and a stronger sense of community among students, creating a supportive environment for learning and growth. Coaches can adapt their teaching to the skill levels and goals of students and develop personalized training plans, ensuring that each participant benefits from the class. Overall, small class sizes lead to more effective progression and higher-quality coaching in the world of tumbling.
