**Special Event Speaker Packet**

# Thank you.

I want to personally thank each and every one of you for speaking at the  
She is Me Conference.

We are changing the world.

# mission.

our mission is to empower every woman we attract, to help women unlearn what has held them back, and to change the world by eradicating the patriarchy at every turn.

# values.

- be in our power
- speak our truth
- live in alignment
- take no shit  
but do no harm

# project.

This is a project of empowerment. Of self-love. Of self-esteem and self-worth. This project will be an event of empowering women from every angle. From the speakers getting to tell their stories in a safe, shame free environment, to the woman who are finally hearing that they aren't alone.

And if that wasn't enough, we are lifting each other up by tapping into each others audiences, sharing the love in a way that only happens with an event like this. The opportunity for you to share your story and share your products and services to a larger audience.

## goals.

Our goal is simple. It's freedom.

Freedom from self-loathing.  
Freedom from the rules and false beliefs thrust upon us from birth.  
It's freedom to show up and be who we really are and it's freedom to be who you are, in your truth, and shine as bright as you can.
