our vision is .

values.

- be in our power
- speak our truth
- live in alignment
- take no shit
but do no harm

project.

This is a project of empowerment. Of self-love, of self-esteem and self-worth. This project will be an event of empowering women from every angle. From the speakers getting to tell their stories in a safe, shame free environment, to the woman who are finally hearing that they aren't alone.

And if that wasn't enough, we are lifting each other up by tapping into each other's audiences, sharing the love in a way that only happens with events like this. The opportunity for you to share your story and share your products and services to a larger audience.

goals.

Our goal is simple. It's freedom.

Freedom from self-loathing.
Freedom from the rules and false beliefs thrust upon us from birth.
It's freedom to show up and be who we really are and it's freedom to be who you are, in your truth, and shine as bright as you can.
