“JHH NURSES AND THE UNION”

This comment, posted by JHH NNU supporters, finally states the truth. JHH Nurses are NOT the union...they are part of a larger group with their own agenda and goals.

This leaves the questions...

- 1) Why does the union and their supporters continue to use smoke and mirrors to get their message across?
- 2) When a choice has to be made, whose agenda will be the most important, JHH Nurses or NNU Leadership?
