Harris Industries has long been an industry leader in the manufacturing of Safety Identification Products. We are known for providing Barricade, Underground, Detectable, and Vinyl Tapes and a variety of other safety items. We also carry a variety of Mutual products for your construction needs. With bi-coastal locations we are best equipped to provide our customers with on-time service but also save on the cost of freight. Harris has the ability to customize and design your orders to meet your specific needs without compromising the value of our products. This could be custom sizes to printing on a variety types of tape.
