ALPHA STORIES

"The main surprise to me was finding faith!"

Laura attended the Alpha Course in the first half of 2024. In this candid interview with Marie Hall, Laura shares her transformative journey, from skepticism to finding faith, and offers her insights on the experience.

Laura, thank you for joining us today. Let's start at the beginning. Why did you decide to attend the Alpha Course?

"When I was invited to join Alpha, I thought it would be perfect to prove everyone there wrong. I came expecting to be able to disprove the existence of God and that the beliefs were all wrong."

That's quite an intriguing motive! Before Alpha, what were your beliefs about faith?

"The question of faith before I became a Christian is tricky. I was very open to eastern religions such as Hinduism where they have many gods, but Christianity with one God I couldn't comprehend. I could best be described as agnostic, and just thought Christianity was a cult."

Laura Gadd
Alpha Attendee 2024

It sounds like you were quite skeptical. Did anything about the course surprise you?

"The main surprise to me was finding faith and also that Christians are normal people from all walks of life."

That's wonderful to hear. Would you recommend the Alpha Course to others?

"Yes, I would 100% recommend the Alpha Course to everyone! The source material answered so many questions. The hosts are so knowledgeable and friendly. If you know someone who is perhaps interested in finding God, please bring them to the next one."

It seems your perspective has shifted quite a bit. How has your opinion changed since attending Alpha?

"Initially, I went into the first session all guns blazing, ready to disprove everything. But over time, I met real Christians, found faith, received the Holy Spirit, and became part of a

larger family than I could have ever imagined. This has completely transformed my view."

That's a significant transformation. What would you say is the best thing about the Alpha Course?

"I don't think there is one singular thing that can be described as the 'best'. I have made wonderful friends since and during the Alpha experience. You will never be judged for asking questions, however 'stupid' they may seem, and the food is very good too!"

YOUTH LIFE GROUP

Youth Life Group, or YLG for short, is a group for youth in school years 10 to 13. From September our regular weekly meetings will be on a Tuesday evening at **Alton Maltings**.

Our sessions during term time have the following structure:
We start promptly at **7:15 PM** where we have discussions and Bible studies and explore a wide range of topics.

Then between **8:15PM** and **9:15PM** we have a social time where we engage in an array of activities, catering to diverse interests.

These include group activities, board games, consoles, quizzes, and much more; ensuring an engaging and enjoyable time for all. We also run a number of additional activities with at least one offsite activity a term.

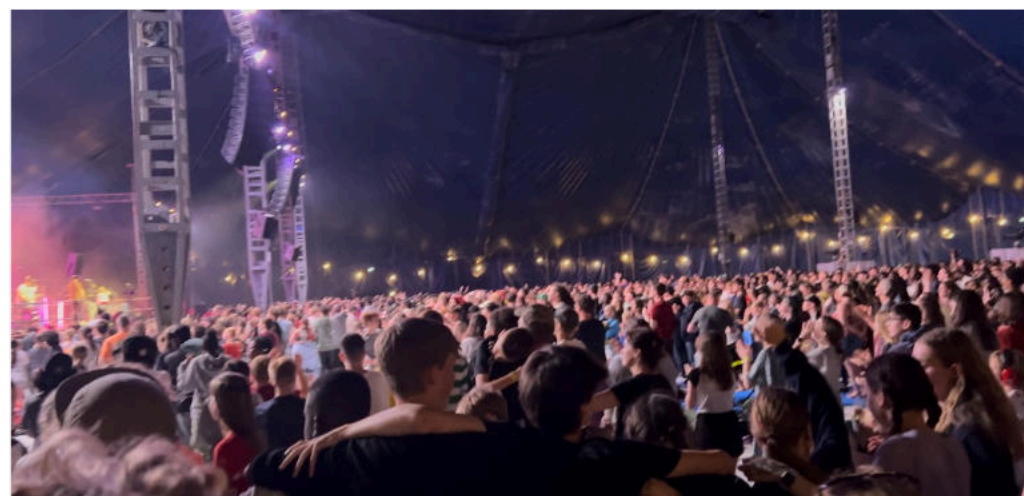

In July, 18 of our youth attended **Newday Christian Youth Festival**. We camped together with two other churches (52 of us in total) as part of the **10,000+** festival attendees.

We had an incredible week, hearing inspiring and provoking talks, participating in great discussions, engaging in worship and meeting with God. Our youth also enjoyed the organised sports, exploring shops, funfair rides, and tasting delicious food on offer. We had a great time being together, soaking up the vibrant atmosphere, getting to know each other, and getting closer to God.

If you are interested in joining us for Newday 2025 from **28th July to 2nd August 2025**, or to find out about YLG, please contact Tom at **tom.evans@harvestchurch.uk** for more information.

THE KINGS ARMS

HOSPITALITY

The King's Arms Youth Project

(KA) is set to celebrate its 25th anniversary, marking a significant milestone in its ongoing mission to support young people in the Alton and Petersfield areas. Located at the bottom of Vicarage Hill in Alton, **KA** opens its doors daily during term time, offering a welcoming space for young people after school where they can engage in games, crafts, and receive essential support from dedicated youth workers.

KA's presence extends beyond its physical location, as it frequently participates in local events and parades, often accompanied by its beloved mascot, **Ziggy the Zebra**. According to After-School Programme Manager Dom Clarke, KA serves a crucial role in the community by helping young people manage the pressures of school, home life, and friendships. Dom emphasises that KA is designed to be a **"home from home"**, providing radical hospitality, fostering new friendships, and offering a safe space where youth can confide in trusted adults like youth workers Matt and Naomi.

KA's primary goal is to create a fun and secure environment that young people can truly consider their own. However, its impact extends far beyond after-school activities. KA collaborates with local schools to deliver both group and individual mentoring programmes, supports young people with additional needs, and offers specialised programmes for young carers.

Established in Petersfield by a group of local churches, KA's origins are deeply rooted in its community-driven mission. This heritage remains integral to KA's vision and values, as evidenced by its Faith programme, which supports local churches in their youth work and encourages young people to explore faith in an engaging and accessible manner.

As KA celebrates **25 years** of service, its commitment to providing a supportive, inclusive, and dynamic environment for young people remains steadfast, continuing to make a significant difference in the lives of the youth it serves.

WHAT CAN WE DO??

1. Encourage young people to visit **KA** after school
2. Make one-off or regular donations at www.thekingsarms.org.uk/donate

OUR STORY

We are Soji and Sonia Odukamaiya.

We moved to Alton two years ago from Nigeria with our three children. Life was tough at first. Sonia had a job, but we had nowhere to live. The property we thought we had secured was withdrawn and agencies would not rent to us because we did not earn enough.

We spent months in one room at a hotel in Four Marks, which depleted our savings and made it difficult for Sonia to get to work in Alton.

I (Soji) was unable to work as most jobs needed a DBS check, which I could not get without an address. This also prevented the children from starting school.

We were desperate but trusted God. As Christians we looked for a church and found Harvest Church. The church was loving and welcoming. Our new friends found us a property from a private landlord and completely furnished the house to turn it into a home.

“We were desperate but trusted God.”

We had previously visited the local school but they did not have spaces for our school aged children. But a friend took Sonia back before we moved. She met the Headteacher and was told they could now take both children. **We were amazed.**

We were also helped with job applications and soon I found a job I enjoy.

Life here is very different from Nigeria but our friends at Harvest Church have helped us adjust.

We thank God for leading us here and giving us such a great church family.

Soji and Sonia

This is my story

We love to hear stories of everything God is doing in and through our lives!

It could be answered prayer; steps of obedience to the Holy Spirit's lead, healing, salvation, provision, finding freedom or anything else...!

Please use our “This is my story” cards to share your story. They are available from Alton Maltings, or you can email mystory@harvestchurch.uk

Cardiac Rehab @altonmaltings

Basingstoke & Alton *Cardiac Rehabilitation Charity Ltd*

On 23rd November 2023, Sir Paul Nurse, Nobel Laureate and Director of the Francis Crick Institute, delivered the Cardiac Rehab Autumn Lecture at Alton Maltings. Over 300 attendees were captivated by his talk, "What is Life."

Sir Paul, known for his work on cell division, explored five ideas he believes define life: the cell as life's fundamental unit, DNA and genes shaping organisms, Darwin's evolution by natural selection, life as a series of chemical reactions, and life as information. He shared his fascination with insects, adding depth to the lecture.

A Q&A followed, addressing cell division and T cell responses. Dr. Andrew Bishop, consultant cardiologist, thanked Sir Paul for his contributions to science and for inspiring hope in life's resilience. He compared evolution's adaptability to the Cardiac Rehab Centre's 30-year evolution in addressing heart disease and now cancer rehabilitation.

The event raised funds for the Basingstoke and Alton Cardiac Rehabilitation Charity. CEO Sarah Quarterman thanked Sir Paul and the event sponsors, Sheen Stickland, emphasising the charity's reliance on such events for funding their heart and cancer rehabilitation work.

The evening featured a reception with wine, soft drinks, and homemade canapés, and Sir Paul signed copies of his book, "What is Life." The event raised £8,900, supporting the charity's mission.

Dr Hugh Bethell, Dr Andrew Bishop and Sir Paul Nurse.

Cardiac Rehab's next Annual Lecture will take place at The Maltings on 26th November (7pm reception with wine, for 8pm). It features Kay Linnell, former Treasurer and Vice-Chair of the Expert Witness Institute, a forensic accountant who worked on the Post Office's Horizon system scandal. She continues to fight for justice for those affected. Tickets available soon - £27.50 from www.cardiac-rehab.co.uk/events

NEW Websites

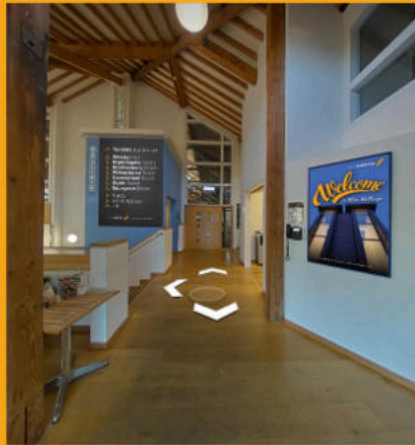

In June this year we updated our **Alton Maltings** and the **Harvest Church** websites to better serve our community, visitors and clients.

The new **Alton Maltings** website is designed to make it easier for you to find information about our rooms and the variety of services we offer. Whether you're looking to hire a space for an activity/event or learn about the rich history of our building, our site provides all the details you need. Additionally, we've included a new **360-degree tour** feature that allows you to virtually explore our historic building from the comfort of your home. You'll also find direct links to Harvest Church, making it simple to stay connected with both our community and our facilities.

Our **Harvest Church** website has also undergone significant enhancements. You'll now find information about our leadership team, the various ministries we run, and the groups you can join. Details about our meetings, the online version of our **"What's Brewing?"** magazine, and our diary, are all readily accessible. Additionally, there's important information on how to give and links to our members area for further engagement.

Both websites now feature live chat options, allowing you to get your questions answered in real time.

We invite everyone to visit our updated websites. Explore the Alton Maltings site to discover more about our services and history, and check out the Harvest Church site for a deeper connection with our community and activities. **We look forward to welcoming you online!**

Social Prescribing: Your Bridge to Better Wellbeing

In 2019, the A31 Primary Care Network decided to employ a social prescriber to work within the local area. Here Sylwia Tickle explains more about their role.

At The Wilson Practice, Chawton Park Surgery, and Boundaries Surgery, a dedicated team of social prescribers—Sylwia, Emilia, Chrissy, and Sarah—work tirelessly to enhance community wellbeing. Their efforts are aimed at supporting patients with a variety of needs, providing a crucial complement to the medical care offered by these practices.

Mission and Approach

The role of social prescribers is to address the non-medical factors that impact health, such as mental health challenges, housing issues, financial difficulties, and social isolation. By bridging the gap between medical services and community resources, they offer personalized support to each individual, tailored to their unique circumstances.

Areas of Support

Social prescribers provide a wide range of services, including:

- Care Needs: Arranging in-home support, connecting with carers, and finding respite care options.
- Mental Health: Linking patients with mental health services, support groups, and counselling.
- Housing: Collaborating with local agencies to secure safe accommodation and resolve landlord disputes.
- Finances: Guiding patients on managing finances, accessing benefits, and finding financial support.
- Physical Activities: Connecting patients with local exercise programs, walking groups, and sports clubs.
- Social Isolation: Organising community activities and social groups to combat loneliness.

Community Engagement

Throughout the year, the team hosts events focused on health and wellbeing, tailored to address the specific health concerns within the Alton community. These events, which include mental health workshops and fitness sessions, provide opportunities for community members to meet experts and gain valuable insights. Details of upcoming events can be found on the notice boards at the practices or the A31 Primary Care Network website. www.a31pcn.co.uk

Reaching Out

The social prescribers are committed to ensuring that no one in the community feels alone or unsupported. Whether you have a minor concern or a significant issue, they are available to listen and guide you toward the appropriate support. Their work is driven by a desire to make a positive difference in patients' lives, ensuring access to the support needed for a healthy, fulfilling life.

For assistance, contact Sylwia, Emilia, Chrissy, or Sarah at any of the three practices. Together, they are helping build a stronger, healthier community.
