The March Social will be changed from March 16th to March 14th 5-7 pm. It will be a pizza party.

Programs/Facilities: Charlie Berger asked about edging that keeps balls from exiting the court. Warren said this was to be addressed by applying zip ties to the edging so that it stays in place. Also Warren said 2 new wind screen will be purchased and installed. There was discussion about a proposed shed to be installed for Pickleball use. The ARB would like to see numbers for expanding the Pool pump house for storage verses a shed being purchased. A shed would be painted to match existing wood exteriors(Functional Gray) and a matching roof to other facilities. Warren is obtaining this information.

Vice President: Aaron is proposing a follow up email be sent to the participants of the new member event. He would like to see further development of the Ambassador Program.
