- Cesar Contreras (24<sup>th</sup>)
- Lucas Basteen (30<sup>th</sup>)
- Wesley Conyer (30<sup>th</sup>)

### WELCOME BACK KATS!

We hope you enjoyed your summer but school has officially started. We hope you use this time to find classes you like as well as socialize more. The electives that we offer have as much variety as possible from a school our size. We have computers, weights, agriculture classes, foods, journalism, yearbook, art, child development, carpentry, and welding; several classes also offer more advanced courses for second year students. Many of the classes we have offer more than academics and give you the chance to grow more as an individual.

### JOIN A CLUB!

We have several clubs that could be joined by anyone. For example there is Association with Student Body (ASB), Future Business Leaders of America (FBLA), Future Farmers of America (FFA), Spanish Club, Book Club, and Yearbook. If you also feel that these clubs do not suit your needs do not be afraid to start your own.

### Kat Pat

A big Kat Pat on the back for August's Student of the Month. The student we will want to pat on the back this month is you. For coming to Duncan High School we hope you participate in the activities we have here as well as leave an impact in your community. We as a community and school will strive and help you with whatever you need to make this school year memorable.

### KAT STATS:

Hayden  
8 to 38 Loss
