## FBLA Leaves A Mark At This Years Regional Competitions

The Future Business Leaders of America has always been a great input for students to put their hard work and this years regionals have shown the dedication from our school. With over 20 medals received our little school left a major impact. From agribusiness to Sports and Entertainment Management it was hard not hear the words “from Duncan High School.” The work shown from all the students was amazing and they have shown that a town as small as ours can still make ourselves known. This competition would not have been possible without our sponsors Mrs. Melton and Mario Pedragon. So all FBLA members want to give personal thank you to Mrs. Melton and Mario Pedragon.
