

THE ARCHITECT

Ali The Architect is a producer from Washington DC, United States. As a part of the MODBAP movement, he is known for infusing Hip Hop production and Modular Synthesis. For live shows Ali uses drum machines along with a modular rig to take the crowd on a sonic journey. As an artist he has released several underground projects and has produced for many local artist over the years. Ali's style is a clash of Hip Hop, Funk, Jazz, Ambient, Techno, and Classical Music. Exploring past traditional genres Ali creates the vibe with his own musical style.
