### Program Overview

Vista Law Enforcement Training and Consulting, LLC, in partnership with the ????? Police Department, presents this comprehensive training program. Experienced instructors teach this course, with decades of specialization in conducting, supervising, and managing use-of-force incidents.

### Training Topics

- Navigate the legal minefield of use-of-force investigations by identifying key limitations in officer interviews, including application of the Missouri Police Officer Bill of Rights
- Apply agency policies/procedures to ensure use-of-force investigations are legally sound and defensible
- Define and apply “Garrity Rights” to properly balance compelled statements with criminal exposure during internal investigations
- Leverage use-of-force data and explain how Early Warning Systems can reduce liability and identify problem patterns before they escalate
- Demonstrate command-level decision-making in managing media scrutiny and public perception following critical use-of-force incidents
- Identify appropriate disciplinary actions based on investigative findings and organizational risk
- Prepare and present prosecution-ready case files when a use-of-force incident rises to criminal conduct

### Who Should Attend
