Child/Infant Death Investigations

Vista Law Enforcement Training and Consulting, LLC, in cooperation with **????**, has scheduled this **8-hour POST-approved training program**, titled **“Child/Infant Death Investigations.”** This training program is presented by current and retired first responder personnel who are expert forensic scientists, crime scene investigators, coroners/medical examiners, homicide/death scene detectives, and supervisors/commanders. Topics include:

- Purpose of identifying the primary caregivers who had care, custody, and control of the victim
- Proper tactical interviewing skills regarding the first interviews with the primary caregivers
- Proper methods of processing the crime scene including locating, identifying, and properly documenting all marks and injuries on the victim's body before the post-mortem exam
- Role of the investigator for the medical examiner's/coroner's office
- Proper methods of conducting re-enactments
- Necessary follow-up investigation after the initial response and their importance (medical records, Children Division records, family/friends/witness interviews)
- What is meant by the term “secondary interview and/or interrogation process”
- Purpose of the Child Fatality Review Panel
- Discussion of actual child/infant death cases investigated by class instructors
- Demonstration through hands-on training exercises of conducting primary caregiver interviews
- Demonstration through hands-on training exercises of conducting re-enactments

This program is designed for all law enforcement personnel to provide them with specific knowledge and skills in the proper investigations into the deaths of children/infants.
