### Forensic Anthropology in Death Investigations

Vista Law Enforcement Training and Consulting, LLC, in cooperation with **????**, has scheduled this **16-hour POST-approved training program**, titled **“Forensic Anthropology in Death Investigations.”** This training program is presented by current and retired first responder personnel who are expert forensic scientists, crime scene investigators, coroners/medical examiners, homicide/death scene detectives, and supervisors/commanders. Topics include:

- An overview of Forensic Anthropology and understanding of various related terminology
- Human Osteology (identifying the differences between human and non-human remains)
- Forensic Taphonomy (what happens to the body after death, including exposure to the elements)
- Determining time since death; sex, age, and ancestry; and trauma assessment
- Discussions and analysis of human and non-human remains
- Discussion and analysis of actual Forensic Anthropology cases investigated by class instructors
- Practical, hands-on biological lab analysis of human and non-human remains
- Practical, hands-on forensic crime scene search for scattered human remains
- Practical, hands-on forensic crime scene search of a grave excavation site for human remains (includes the recovery of actual human remains by digging and sifting for evidence, photographing, mapping, recovery, and documentation for report preparation)

This program is designed for all law enforcement personnel to provide specific knowledge and skills in the discovery, recovery, and analysis of possible human remains. Day #2 is exclusively grave site excavation, requiring physical exertion of digging and carrying buckets of dirt. Attendees should wear appropriate clothing and bring personal items for outside activities such as water, sunscreen, etc.

**REGISTRATION:** <https://vistabluetraining.com/training-schedule>
