### **Child/Infant Death Investigations for Death Investigators**

Vista Law Enforcement Training and Consulting, LLC, in cooperation with **????**, has scheduled this **4-hour POST-approved training program**, titled **“Child/Infant Death Investigations for Death Investigators.”** This training program is presented by current and retired first responder personnel who are expert forensic scientists, crime scene investigators, coroners/medical examiners, homicide/death scene detectives, and supervisors/commanders. Topics include:

- Purpose of identifying the primary caregivers who had care, custody, and control of the victim
- Proper tactical interviewing skills regarding the first interviews with the primary caregivers
- Proper methods of processing the crime scene including locating, identifying, and properly documenting all marks and injuries on the victim's body before the post-mortem exam
- Proper methods of conducting re-enactments
- Purpose of the Child Fatality Review Panel
- Discussion of actual child/infant death cases investigated by class instructors
- Demonstration through practical, hands-on training exercises of conducting primary caregiver interviews
- Demonstration through practical, hands-on training exercises of conducting re-enactments

Coroners and medical examiners have an important and independent role in death scenes. This includes having the specific knowledge and skills in the proper preliminary investigations into the deaths of children/infants.
