## Reflexology

Reflexology is a developed modern scientific method used as an alternative type of medicine, a form of healing based on the understanding of activating the healing powers of the body and with the understanding of the principle of the existence of the Energy Zones (Zone Therapy) and Meridian Lines that can be found on the entire body working on the reflex points or areas in feet, hands, ears and face that corresponds to all the major organs, glands and body parts.

Natural Healing & Wellness is teaching the Reflexology program/course presenting the body reflex areas on the feet, hands and face as well as the Anatomy and Physiology of feet, hands and face. The program/course is divided into three parts. Part I is Foot Reflexology, part II is Hand Reflexology and part III is Facial Reflexology.

Foot Reflexology - \$550.00

Hand Reflexology \$550.00

Facial Reflexology \$550.00
