

SWISS DOLORCLAST® smart20

→ THE SMART CHOICE IN RADIAL SHOCK WAVE THERAPY

EMS+

SWISS DOLORCLAST® smart20

> Treat musculoskeletal pathologies quickly and effectively with the Radial ESWT solution.

**RADIAL
ESWT**

EFFECTIVE →

- > Clinically proven energy output:
 - Evo Blue® handpiece for constant energy density
 - Power+ handpiece for higher energy density

EASY →

- > Quick-setting, fast-cleaning, no frills

ECONOMIC →

- > Fast Return on Investment for your practice

PRODUCT REFERENCE

FT-226

TECHNOLOGY

Radial ESWT pneumatic with external compressor

POSITIVE ENERGY DENSITY (ED₊)

Evo Blue® handpiece: 0.18mj/mm² - Power handpiece: 0.4mj/mm²

CAVITATION LEVEL

Increases with frequency

FREQUENCY

Up to 20Hz

CLINICAL STUDIES

26 Randomized Controlled Trials - More than 125 publications

STANDARD CONFIGURATION

Swiss DolorClast® Smart20 console, Evo Blue® handpiece, contact gel, cart & external compressor
