

Sound Recordist

- Experienced in factual entertainment, obs docs, commercials, and dramas
- Build a good rapport with nervous first time contributors and experienced presenters
- Full clean UK driving licence with pass plus, and experience of driving internationally
- Owner of fully comprehensive sound kit
- Worked on productions in all corners of the UK
- Experienced recording caving, sailing, climbing, and flying VTs
- Outside broadcast experience on major sporting events
- First aid at work certified - Completed 06/16

I have travelled extensively across the UK, meeting new people and listening to their stories. I have worked in a variety of environments from caving deep under the Mendip Hills, to floating across Lake Windermere in a luxury Yacht.

I always approach new challenges with a positive and enthusiastic attitude, and strive to achieve the best possible audio. As this, along with beautiful photography, is the best way to get new stories told.
