

It will be for her MERCY

that you will implore

when she don't want this Fem Dom
thing

to be a GAME anymore!

When DID
it occur

in your
relationship
with her,

when it
was no
longer
a GAME

and
she gave
YOU a

"New Name?"

"But
Mistress,"

Don't you
talk back
to me!

YOU,

are going
to stay
HOME,

and clean
the house,

like I
SAID you
were going
to do!

And if you
give me any
MORE back
talk about
it,

I'll keep
you locked
in that
thing for
ANOTHER
week!

Do you
WANT that?

"No,
Mistress!"

OK, then
crawl over
here and
give me a
kiss and
then get
your ass
to work,

I'll punish
you for
your back
talk when
I get home
tonight!

"Yes
Mistress!"

And
the end
of the
story

has him
DOING
as she
said,

because
he knows
if he
DOESN'T,

Well,

you don't
even want
to THINK
about that!

DO you?

slave?
