

End the relationship of old
Begin a better one new,
that's what saying "Yes Mistress"
is likely to do

And you
dominant
females

who own
submissive
males,

will tend
to AGREE

as you
peruse
this
tale!

Neither
YOU nor
your
SLAVE

will
think it's
premise
absurd,

because
you BOTH
know the
POWER of

"Those Two Little Words!"

A woman in a black lace-trimmed skirt and black high-heeled shoes stands with her legs spread wide. She holds a black whip in her right hand. A man is crawling on the floor between her legs, wearing a black collar with a silver chain attached. The text "YES MISTRESS!" is overlaid on his back.

"YES
MISTRESS!"

Very GOOD!

THAT is the
correct answer!

And from NOW on,
it will be the
ONLY answer that
I want to hear

when I tell you
to DO something!

Is THAT clear
enough for you,

SLAVE?

"YES
MISTRESS!"

GOOD !

Now I can start
training you not
to come without
my permission!

OK, SLAVE?

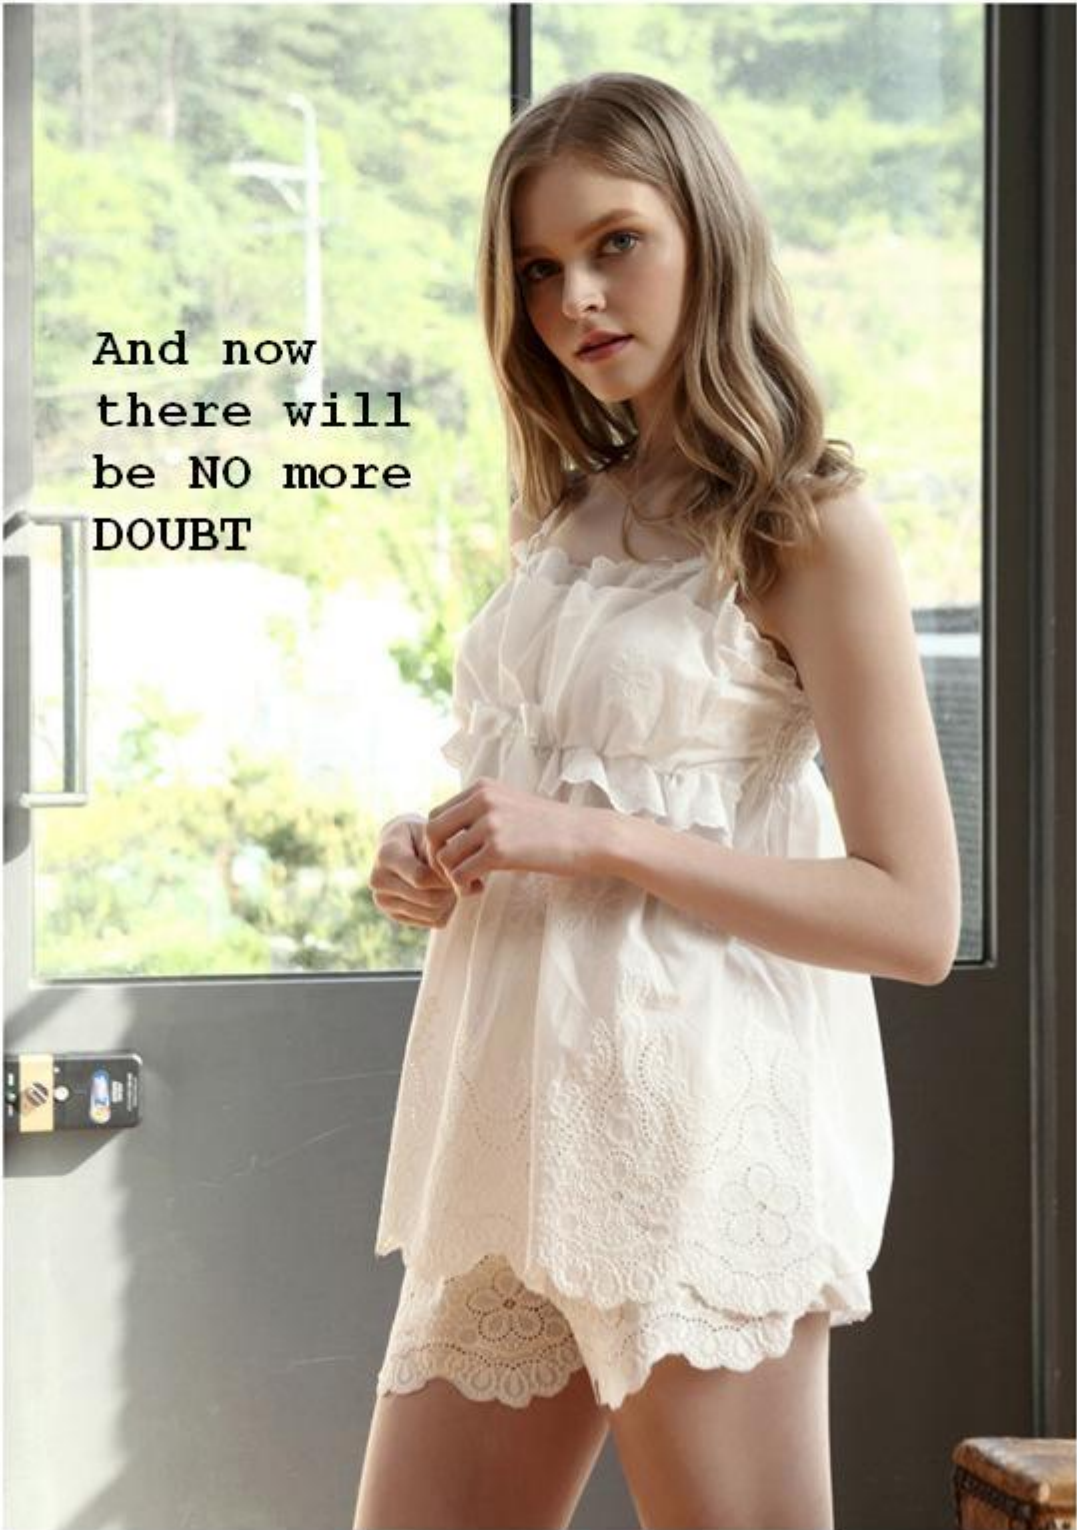

"YES
MISTRESS!"

And now
there will
be NO more
DOUBT

about who
rules in
HER house,

and she's
happier
than HELL

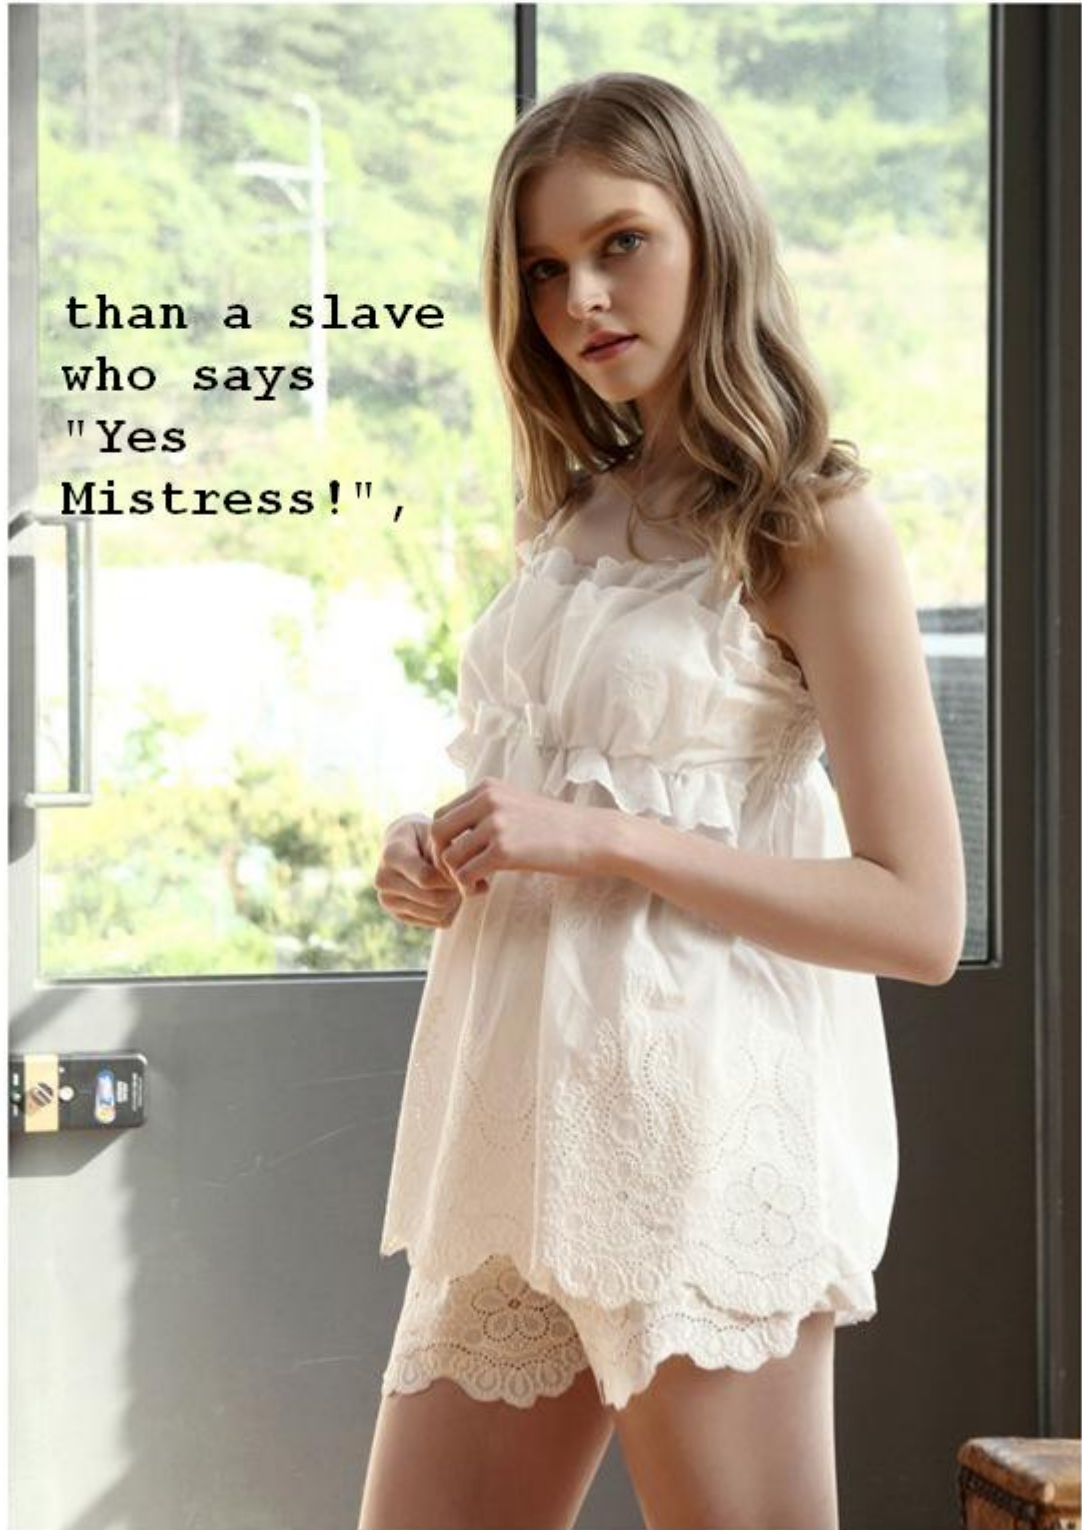

with her
meek little
mouse!

else he'd
rather BE,

to HER on
his knees!

IS there?

Like
YOU,
Huh?
