

To some it's hard to believe
but if we've been there we know

in the depths of our SOULS

where a Womans denial can make
a man go

My Girlfriend all ask me

Oh God PLEASE tell us SUE"

"how do you make him not only
WANT to but BEG you to let his
mouth and tongue pleasure you?"

"Please TELL us Sue

"What The Hell Do You DO?"

I tell him
"Don't cum or
I'll get my
belt and whip
your ass black
and blue!"

and THEN I do
THIS for an
hour or two!

And after a while when I get
horny again, which watching
him clean my house makes me
do,

I go BACK to him and make his
balls even MORE blue!

And after a must needed REST
and looking VERY forward to
the wonderfull night I have
planned,

I give my LEFT one a break

and I use
my RIGHT
hand!

And AGAIN I
sternly WARN
him,

"You better
NOT cum!"

And now they ALL know what
I do to make you want to give me THIS
pleasure ALL day and half the
NIGHT too! DON'T they my Dear?

OH GOD YES
MISTRESS SUE!

YES!
