

Last night my Mistress was informed
of her loss

in both pay and promotion from her
mean male boss

And I apologize
this story so
FOGGY, and CLOUDY,
appears

but you're seeing
it through MY
eyes which are
FILLED with

"My Tears!"

She called
and told me
to wait on my
knees for her
wearing my hood,

after saying
she's in a bad
mood, and THAT
is not good!

She sounded VERY
upset and so
fucking SORE,

and said THIS to
me as she walked
through the
door!

Fucking
MEN!

Now
bring
me a
glass
of
wine!

And be
QUICK
about
it!

And until she
finally went to
sleep, for her
asshole boss
I did PAY,

And as I wait for
her TONIGHT,
I TEARFULLY
pray

her boss wasn't
an asshole TODAY
like he was
YESTERDAY!

Dear God,
PLEASE!

PLEASE!
