

"God, he'll be SO surprised!"

she thought with a grin

while patiently waiting

for April first to begin

This is
the story

of Danny
O'toole

and what
HIS
Mistress
did

on HER
first

"April Fool"

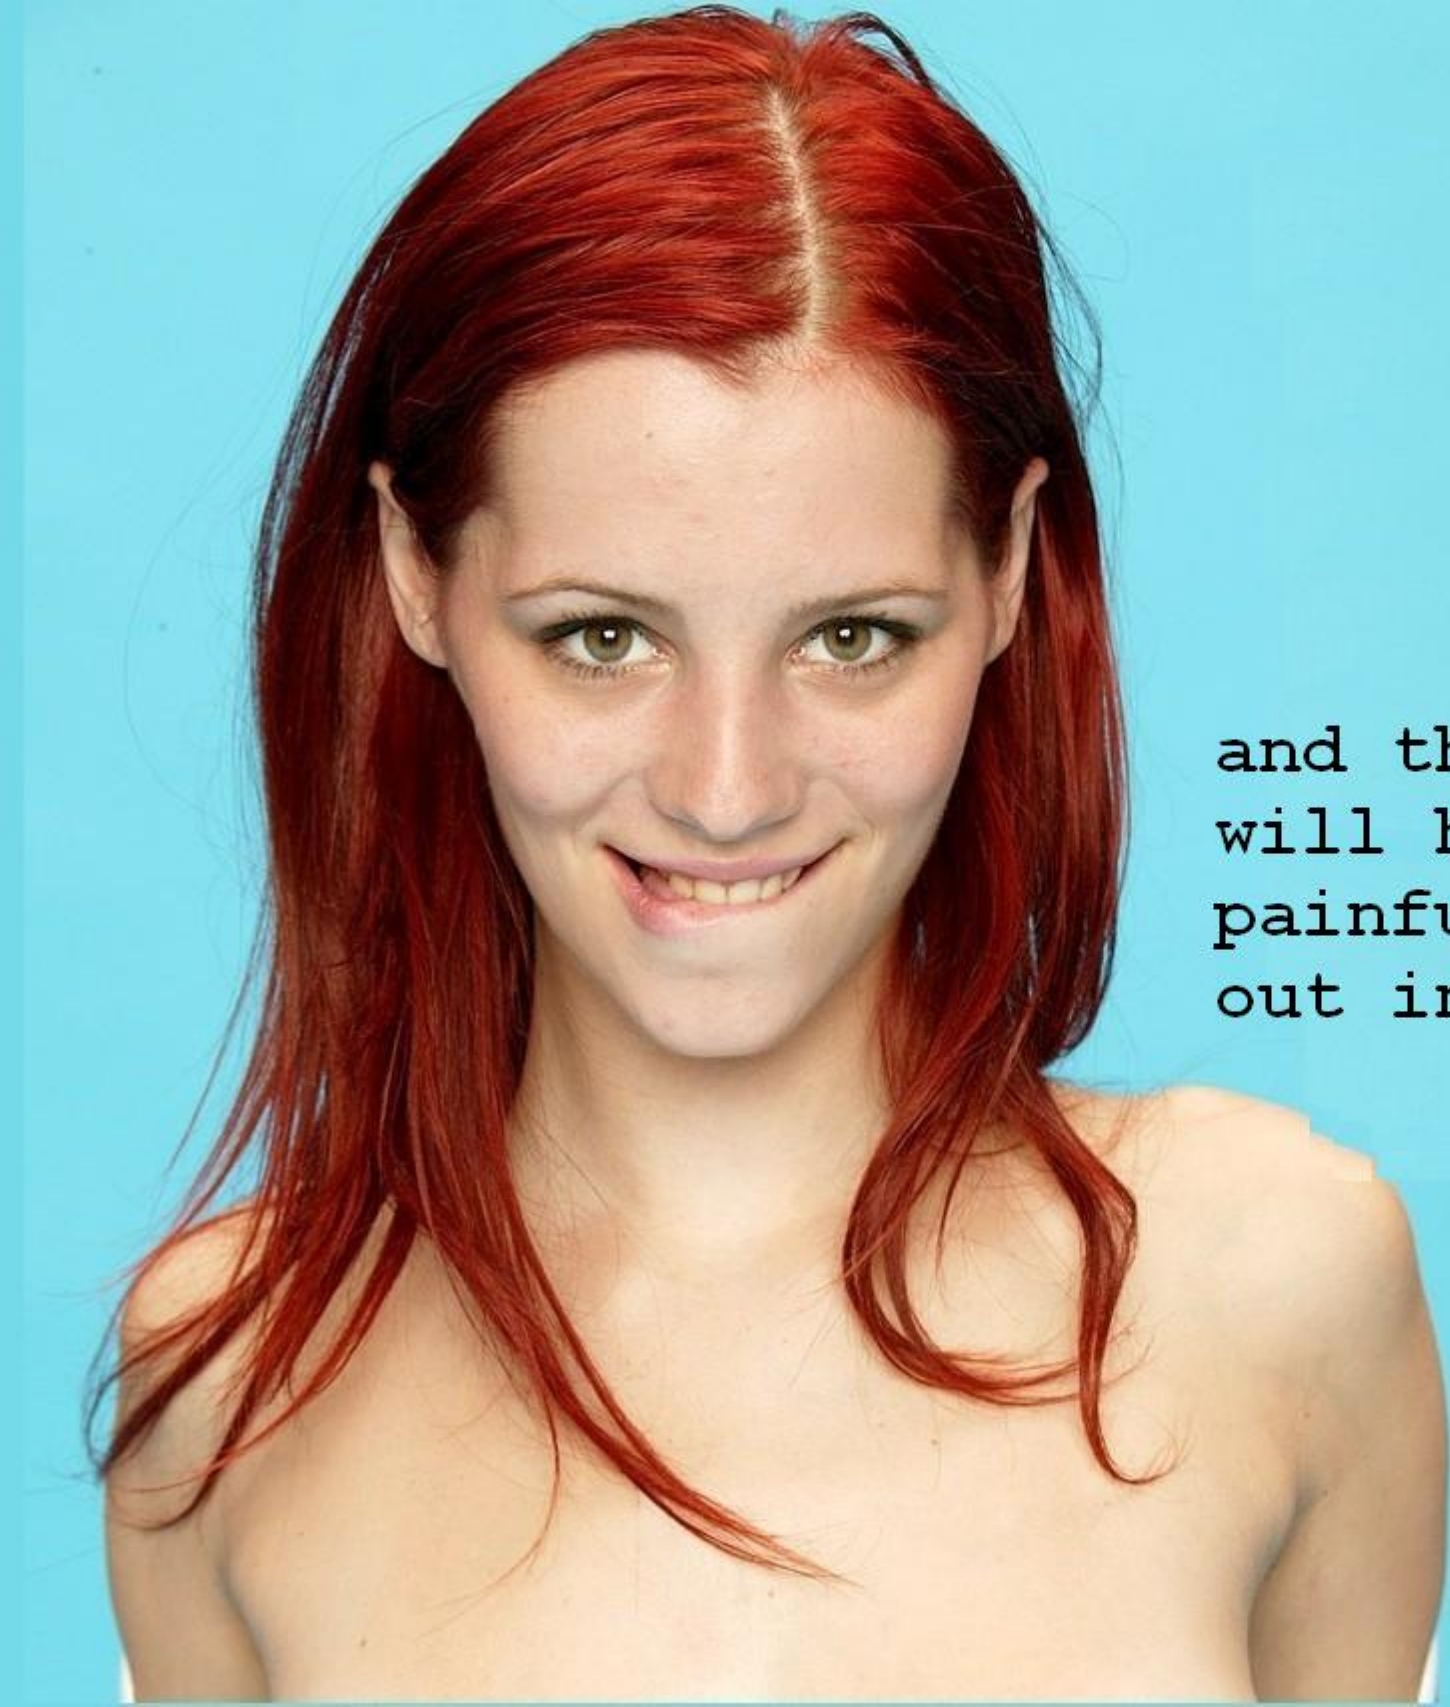

Don't
worry
Honey,

it won't
hurt a BIT!

You'll just
go to sleep,

and the Doctor
will have those
painful tonsils
out in NO time!

OK?

"Yes
Mistress!"

Can I put
him under
now,
Theresa?

YES nurse,
you MAY!

OK
Doctor,
he's
ready
for
you!

Thank you,
nurse!

Are you SURE
that you want
me to DO
this,
Theresa?

YEP!

OK!

Then let's
DO it!

Snip!

April FOOL,
Mother Fucker!

And when
Danny
AWOKE

he sobbed
and Boo
Hooed

when he
found it
wasn't his
TONSILS

that
had been
removed!

And if
you are
wondering

what
happens
NEXT?

Well,
it WON'T
be him
bothering

Theresa
for SEX!

WILL
it?
